CARRY STOMACH JOY IN YOUR VEST POCKET

Tallman & Co. Have Such Faith in This Dyspepsia Remedy That They Guarantee It.

One of the greatest successes in the sale of medicine has been achieved by Mi-o-na, the standard dyspepsia remedy, and its sale is increasing so rapidly that Tallman & Co., the popular druggists, have had work to keep a stock on hand. It is very popular with bankers, ministers, lawyers and others whose business or profession keeps them closely confined, while those who have brought on indigestion through irregular eating, worry, or other causes, have found relief in this reliable remedy.

Mi-o-na comes in tablet form and is sold in a metal box especially designed for convenience in carrying the medicine in the pocket or purse. It is pleasant to take, gives quick relief and should help any case, no matter how long a standing. This remedy has been so uniformly successful that Tallman & Co. will in future sell Mi-o-na under a positive guarantee to refund the money if it should not prove entirely satisfactory.

MOLE MEN THAN WOMEN

HAVE APPENDICITIS. Surgeons state men are slightly more subject to appendicitis than women. Pendleton people should know that a few doses of simple buckthorn bark, glycerine, etc., as mixed in Adler-ika, often relieve or prevent appendicitis. This mixture removes such surprising foul matter that ONE SPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. The INSTANT, east action of Adler-ika is surprising. Michele Gravano.

Leonardo De Vizio, another ex-convict, was arrested later as his partner. It is charged by the police that blackhanders had a plot to blow up public buildings. Their purpose was to prove to the victims of their blackmail—Italian bankers and merchants—that they could defy the police. An expert who examined the bomb said it was strong enough to rock the building.

HOG BECOMES DRUNK BY DRINKING HARD CIDER

BAKER, Ore., Jan. 26.—Whether or not allowing a hog to become intoxicated by repeated draughts of hard cider is a violation of the liquor statute, is troubling L. S. Burnside of New Bridge, the owner of the cider and of the bibulous porker.

Mr. Burnside was in the city and related how the fire of Friday night, which destroyed his home, had also burned off the top of two barrels of hard cider stored in the dwelling. Sunday he noticed one of his swine drinking liberally of the apple juice and inside half an hour the animal was exhibiting every symptom of a human inebriate. Apparently suffering from a "hangover" the next day, the hog again drank deeply, with like results. Mr. Burnside is of the opinion that the cider must be nearly exhausted by now.
